## Exercise 5: Review a 5-minute Talk

Scholarship Skills, Winter 2019

David Maier

Due in class on Thursday, 13 February 2019

---

Review the section of the course text on Presentations (Chapter 6). Then view the 5-minute talk by Prof. Wu-chi Feng that is linked from the Exercises section of Piazza. (I also posted the accompanying slides, as they are a bit hard to see on the video.)

Come up with a list of three strong points and three weak points you see in the talk (including the slides). Try to relate your points to topics covered in the course text and in the lecture notes on presentations.

**Please turn in one copy of your points**, on paper, on 13 February.
